STATEMENT OF PHILOSOPHY

The Keystone Indoor Drill Association was formed in the interest of teaching the principles of good sportsmanship, fairness in all aspects, professionalism, and proper conduct under any and all prevailing conditions. It is the desire of the Keystone Indoor Drill Association to promote better understanding among the units, good public relations, and above all, an atmosphere that is conducive to good clean competition.

While the Keystone Indoor Drill Association is truly an educational endeavor, it also teaches each and every member to demonstrate pride in their unit, their school, the association, and our nation at all times.

CODE OF ETHICS AND CONDUCT

Considering the growth of the Keystone Indoor Drill Association, as well as the entire spectrum of our indoor activity, we must continue to earn the support of our viewing public. These guidelines have been established to help us maintain our goals of providing fair and equitable competition, personal growth, maturity, sportsmanship, professionalism, and pride.

The ultimate responsibility for the behavior of our member units lies squarely on the shoulders of the internal management of each organization. The various aspects of the code are meant to cover conduct before, during, and after any Keystone Indoor Drill Association Event.

The use of overt gestures or other actions to display displeasure with the results of a contest; such as throwing equipment or items of the uniform, the use of abusive, profane, or obscene language to members of other units, judges, or members of the audience; the defacing or destruction of property including their own uniforms or equipment; the physical assault or threat to any person or persons, will not be tolerated under any possible circumstances.

The Keystone Indoor Drill Association desires a greater effort in displaying proper behavior when not competing, but still associated with the activity. Any act that would be considered illegal under the laws of the state or nation would cause immediate suspension of the involved

unit and immediate investigation of the matter (i.e. the use of non-prescription drugs, intoxication, theft, etc.)

In the event of an isolated occurrence, which involves an individual or individuals from a member unit, an investigation will determine that a violation actually took place. A review panel, consisting of the executive committee and group representatives, will further determine whether the individual(s) or their unit should be penalized, and what that penalty should be, and when it shall be assessed.

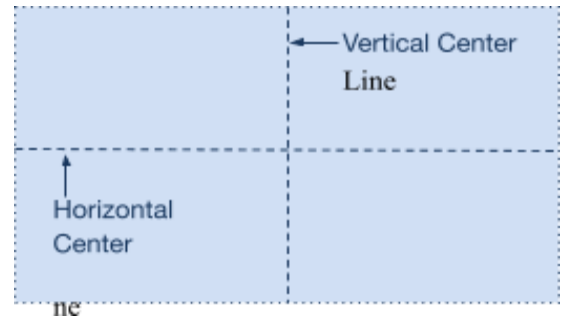

KIDA RULES

1. GENERAL RULES

- 1.1 The competition area will be fifty (50) by eighty-four (84) feet with a 5ft safety zone and published floor dimensions. The only boundary will be the front sideline. This front sideline boundary must be clearly defined on the gym floor by painted marking or tape. Where this front sideline boundary is located at each contest site will be determined by the Timing & Penalties judge and contest host, so that its location on the floor is in the safest place for both the performers and spectators.
- 1.2 Each competing unit is responsible for their own equipment. Equipment and prop set up is only permitted after the Timing & Penalties judge gives the go ahead.
- 1.3 Pre-recorded music, i.e. CD, MP3 player, (for color guard, majorette and dance/drill team only) or live music is permitted as accompaniment for performances.
- 1.4 There will be no use of pyrotechnics. Any violation will result in disqualification for that show.
- 1.5 Nothing will be used that will leave a harmful residue on the performance floor or one that cannot be removed within the time limit allotted to the unit based upon their classification. Any and all equipment and props used should be padded or protected as to not cause damage to the performance floor. Any damage to the floor will be the sole responsibility of the unit causing the damage. The unit will be directly responsible to the show sponsor for any monetary reimbursement as a result of said damage, with the full support of KIDA.
- 1.6 Upon late arrival at a show by a unit, the unit's director will have the responsibility of exchanging positions with another unit in their appropriate division. If this cannot be accomplished due to the division completion, the late unit will be a judged exhibition. It is also the unit director's responsibility to notify the Timing & Penalties judge for the contest, as well as the show sponsor.
- 1.7 Any unit member or members causing damage to a show sponsor's property will be directly responsible to the show sponsor for any monetary reimbursement as a result of said damage, with the full support and assistance of KIDA. The said unit that has caused the damage will be placed on a non-competitive status after completion of the current season until that said damage has been reimbursed.
- 1.8 Announcer's table(s) and sound system equipment must be located off the competitive floor and follow KIDA suggested guidelines.
- 1.9 A tiered rating system for all competitive classes and divisions will be used to adjudicate performances.

1.10 When clearing the floor, units should make an obvious attempt to expedite the procedure. If the exit door is blocked or becomes congested, the Timing & Penalties judge should not penalize the unit for overtime.

1.11 For purposes of timing, all personnel, equipment and/or props must clear the vertical or horizontal centerline prior to the conclusion of the total show and interval time. Equipment and props are considered “removed” when they cross a center line either horizontal or vertical depending on the contest site. After the equipment/props have crossed this line, they must continue to make forward progress out of the competition area.

1.12 Props built and/or used, including drum major podiums, that measure over six feet (6') high and are used in such a way that result in a participant whose feet are more than six feet (6') above the competition area must have appropriate safety railings in place or protective padding around prop to prevent any injury. Participants are prohibited from jumping or leaping off any prop that exceeds six feet (6') in height unless protective padding is in place or other adequate safety precautions are taken. If a prop is moved with a performer on that prop, a safety rail or harness must be utilized by the performer.

- If a performers' feet are more than six feet above the competition area and the prop is in motion, the performer must actively use the appropriate safety railing or harness the entire time the prop is in motion. If the same prop is not in motion, the safety railing or harness must be in place but the performer has the option on whether to use those items while in a stationary position.
- If the performer's feet are less than six feet above the competition area, no safety railing or harness is needed for the prop, whether stationary or in motion.
- A performer executing a lift while atop ANY prop may not lift another performer above six feet (6') without appropriate safety precautions in place or padding around the performers.

PENALTY: Ten-point (10.0) penalty to Disqualification at the discretion of the Contest Administrator, including (but not limited to) prohibition of the use of the overheight/unsafe prop(s).

2. AWARD CEREMONIES AND POST CONTEST MEETINGS

2.1 The percussion and marching winds awards ceremony will be held immediately following the performance of the last unit in the percussion division.

2.2 The majorette, dance teams, and color guards will have their awards ceremony immediately following the performance of the last unit in the color guard division.

- 2.3 The percussion and marching winds post contest meeting will be held immediately following the performance of the last percussion unit. The majorette, dance team and color guard post contest meeting will be held immediately following the performances of the last color guard unit. The meeting will be a maximum of sixty (60) minutes or a maximum of five (5) minutes for each unit. The sixty (60) minutes will be divided by the total number of competing units for each critique session to determine the total time for each unit to meet with the judges.
- 2.3.1 The Chief Judge, at each show, will provide a list of all participating units outside the judge's room. If a unit decides they do not want to participate in critique at that show, they can "opt out" by crossing off their name and initialing next to their unit's name.
- 2.4 Units will enter the post contest meeting, entering in the same order as their performance. In the event that a unit is not present to enter the post contest meeting when called, that unit will forfeit their time slot and be moved to the end of the time allotment list. The Timing & Penalties judge and/or Tabulator will control timing at all post contest meetings.
- 2.5 There will be no post contest meeting following championships. However, units who are traveling to WGI World Championships will be offered the opportunity for a post contest meeting following championships.

The check shall be made payable to the Keystone Indoor Drill Association and must be postmarked to the Treasurer by midnight, January 20th. A unit bond is carried over from one year to the next as long as it is still in good standing.
- 1.2 A notice must be given prior to January 1 to the show sponsor if the unit is not going to participate in a KIDA sanctioned contest. Any less time and the show sponsor has the right to pull the unit's bond. If a unit is unable to attend a show that they have previously signed a contract to participate in, the bond may be pulled (Please refer to Bylaw 10.7). If only one unit from a school fails to attend a show, only the \$25.00 bond will be forfeited (plus any additional penalties). The forfeited bond must be repaid before the unit may compete again in the organization. Failure to pay bonds and any additional fines will place the unit(s) in a non-competitive status. The show fee will be forfeited for any show cancellation after January 1.
- 1.3 No bond shall be pulled from a unit who deems it unsafe to travel due to inclement weather conditions, regardless of the status of the pending show. The unit involved MUST submit a letter from the band director to the association stating the reason for the unit pulling from the show. Any other unforeseen conditions will be reviewed by the Executive Board.
- 1.4 A unit that is active during the season and has paid their bond and fails to compete in the KIDA Championships will forfeit their bond to the Association. With the exception of:

- 1.6 If any unit has any appeals regarding the disposition of their bond, an appeal may be made to the Executive Committee.

2. DUES

- 2.1 Each unit will be assessed a dues fee of \$300.00 for yearly membership per competitive unit. Non-competitive Cadet units will not be assessed a dues fee, however, all other fees will still apply. The check shall be made payable to the Keystone Indoor Drill Association and must be postmarked to the Treasurer by midnight, January 20th. A late fee of \$20.00 will be assessed for any dues received after the above date. *(Ed. Note – Please note that this now includes all KIDA associated fees (program ads, tape fees, etc.) previously separated)*
- 2.2 Each unit will be assessed a show fee of \$26.00 for each show a unit participates in. \$20 of this fee will be distributed to show hosts by KIDA to offset judges' fees associated with running a show. - 2.3 A non-member unit may perform (compete/judged exhibition) in one (1) contest without paying any dues or bonds if they did not participate in a KIDA contest the previous season. A non-member unit will still be required to pay the \$20.00 digital technology fee. If they did participate in a KIDA contest the previous season, they will be assessed a \$125 entrance fee per show they participate in. If a unit participates in more than one (1) KIDA show in a given season, that unit must submit a bond, dues payment, and a competitive roster to continue competing.

- 2.5 If any unit has any appeals regarding the disposition of their dues, an appeal may be made to the Executive Committee.

3. MEMBERSHIP

- 3.1 Scholastic Units - All members of a Scholastic competing unit must be members of the same school district being represented. All members must be registered students of the district. A personnel roster must be submitted to the Membership Director by each unit no later than January 15th, with the exception of first year units, who must submit the roster prior to their first competition performance. The absence of the roster on file will put a unit in a non-competitive status until submitted. The school district superintendent or school principal must sign the roster. This roster is to be updated on an annual basis. Additions or deletions must be submitted prior to that individual competing with the unit.

10. SHOW SPONSOR INFORMATION

10.1 Any school or member unit interested in sponsoring a show must submit a written request to the Contest Coordinator. These requests will be reviewed and assigned by the Contest Coordinator, who will confirm the show dates with the show sponsors. Any school or member unit hosting a show during the previous competitive season will be contacted by the Contest Coordinator prior to the spring meeting to give them first choice as to sponsoring a show for the upcoming season. No sponsor will be guaranteed the same weekend from the previous season. Any and all conflicts will be discussed and resolved by the Contest Coordinator and show sponsor contact persons. (Show sponsor contracts can be found on the KIDA website)

10.2 A MANDATORY Show Sponsor Meeting will be held in the fall prior to the start of each season. All show sponsors for the upcoming season must be present. Sponsors not present may lose their show for the upcoming season and risk not being allowed to host future KIDA contest. At this meeting, the Contest Coordinator will supply the show sponsor contact person with the KIDA show sponsor handbook to assist each sponsor with the hosting of his/her contest.

10.3 All completed invitation contracts will be mailed directly to the show sponsor contact person by the units. All contracts MUST be returned to the show sponsor contact person at least 30 days prior to the show date.
**The first two weeks of January will be limited to KIDA Member unit responses to all KIDA shows. Following that time a show sponsor may accept non-KIDA members for participation in their contest if openings still remain.

10.4 On a weekend with more than 1 KIDA show, a show will be limited to no more than 33 performing units until all other shows have reached a threshold of 25 performing units. On weekends in the KIDA season where only 1 KIDA show is running, there will be no

limit on the number of performing units allowed to register for the show unless facilities or judge availability provide a limiting factor.

EXCEPTION: On multiple show weekends, if the 33rd unit is from a school with more than one unit, the other units from that particular school may also be accepted to participate, up to a maximum of 36 total units. To be considered the 33 unit in a competition, that unit must be registered on the same day with any other units from that particular school in order to be considered as a participant for that show. Each show sponsor needs to declare to the Contest Coordinator the number of units they are capable of accommodating up to the 33/36 unit limit.

- 10.4.1 Units participating in their first season as KIDA members will be given an opportunity to move past the wait list and register for a full show if they were not able to register for shows on day one of the registration period. This does not apply if the unit is changing their registration from one show to full show or if they registered for other shows prior.
- 10.5 The show sponsor contact person is responsible for notifying all participants on the KIDA mailing list, the Contest Coordinator, and the Judging Coordinator of host rules, directions and performance time schedule at least 2 weeks prior to the said show date.
 - 10.5.1 A preliminary schedule will be distributed two weeks prior to an event. Any changes made within the next 7 days will be released in a FINAL schedule by the Sunday prior to the event at 10pm. Any cancellations within 7 days of the event will not affect the event schedule and a blank time slot will be used in that unit's place. No additions will be made within 7 days except for extreme circumstances (cancellation of other events, etc.).
 - 10.5.2 Performance order for regular season shows will be determined by registration date and time, with the first unit registered performing last, except in cases where penalties put units on first in their class.
- 10.6 Any and all changes and inquiries will be done through the show sponsor contact persons, who will then in turn report said changes to the membership involved and the Contest Coordinator and Judging Coordinator.
- 10.7 Show Sponsor Cancellation Notice:

- 10.7.4 In the event the show is canceled, those units who were scheduled to appear will not have to make up the show to meet the minimum show requirements for championships. Those units involved would also still be eligible for the championship draw incentive if the show that was canceled was during the first two weeks of the season.
- 10.8 Contest sponsors, including the preview show, will pay a \$75.00 show sponsor fee to the Association. Should a sponsor not have a competing unit in the association, the fee shall be \$300.00. If a non-member school is specifically requested to host a show by the Association, the fee will be \$100.00. The fee must be received in person by KIDA personnel or postmarked within 5 business days of the Fall Show Host meeting. If a show is canceled prior to January 1st, or if the show is canceled due to inclement weather, the show sponsor fee will be refunded.
- 10.9 Guidelines for all contest sponsors:
 - 10.9.1 A separate room for judges and a separate room for the tabulator are needed close to the competing arena. It is recommended that children be kept out of these rooms during the contest.
 - 10.9.2 The sponsor will draw for performance positions after having received all signed contracts. Complete directions and/or map showing the directions to the school should also be included in this mailing.

 - 10.10.4 First-Aid must be provided and should be in an area close to the contest arena.

 - 10.10.6 The host is responsible for providing an announcer who will work in conjunction with the Timing & Penalties judge to keep the show moving smoothly.

The order of the disciplines (percussion or color guard/majorette/dance team) may be determined at the discretion of the show host with the approval from KIDA. Classes within a competitive discipline may not be altered. The show host is responsible for contacting the KIDA Contest Coordinator to seek approval for any order change. The Caption Leads for each category will announce unit classifications at the November General Membership Meeting.

The reclassification committee will look at the actual performers' involvement and handling of the program, as well as designer's knowledge and composition of the overall program. Recap sheets may also be used to determine justification of the movement. This meeting will be two competitive weeks prior to championships. Following the meeting, the respective Caption Lead will be responsible for contacting all those groups that were involved in any way in a classification change. The Membership Director will also be responsible for contacting all remaining show sponsors with these changes.
